

# NEW FEATURE

## "ONE TIME ACCESS FOR GROUP 3 USERS"

### ADDENDUM

#### OVERVIEW

Your T3e Series lock now includes a new feature named "One Time Access for Group 3 Users", allowing the creation of multiple 'one time only' User Codes. When this feature is activated, an entry by a Group 3 User will allow entry only once, then the user will become disabled. **Note:** When the User Code is entered for the first time and access is granted, the Event Log will read "Entry" followed by "User Disabled". If the User Code is entered a second time, access will be denied, and the Event Log will read "User Denied Access".

#### TO ACTIVATE VIA THE KEYPAD

To use this new feature, proceed as follows:

1. **Enable the Feature.** Enter Program Mode and enter the key sequence .
2. **Assign the selected User Codes to Group 3.** For example, to assign User Number 15 to Group 3, press:

#### TO ACTIVATE VIA DL-WINDOWS (V3.03 or later)

DL-Windows provides a check box on the **Features** screen (click the **Feat** button, click the **Options** tab, and check "One Time Only For Group 3 Users"). **Note:** If this option is programmed via the keypad, downloading from versions of DL-Windows prior to V3.03 will not alter the operation of this feature.

#### TO DEACTIVATE VIA THE KEYPAD

As with all commands, this feature can be disabled by entering the following key sequence:

345 Bayview Avenue  
Amityville, New York 11701  
For Sales and Repairs 1-800-ALA-LOCK  
For Technical Service 1-800-645-9440
